In recent months and weeks, there have been highly publicized acts of violence both nationally and internationally. These incidents have dominated the headlines leaving us disheartened and concerned. Here at Women’s Center & Shelter, we see the traumatic effects of violence and abuse on a daily basis. Though these acts of violence may not always make the news, they devastate families and this trauma can, and often does, have lasting impacts. Our mission at Women’s Center & Shelter is to advance the safety and wellbeing of victims of intimate partner violence and prevent and respond to intimate partner violence through social change. We work toward our mission every day, through our highly trained staff that provide supportive services and resources to women and their children. Whether it’s a Children’s Advocate working with a child on how to express their feelings, a Shelter Advocate assisting a woman with housing and career goals, or a Legal Advocate providing support as a woman makes her way through the legal system – our work is always focused on safety, support and healing.

All of this could not take place without the constant and continued support of the community. Your generosity supports our programs and services, which allow our clients to transform their lives, freeing them from violence and abuse. I hope that you read this issue of Rosewood and gain some insight into the meaningful work taking place here at Women’s Center, knowing that without your support, we would not be able to impact the lives of so many. On behalf of Women’s Center & Shelter, and the families that we serve, thank you.

Sincerely,

Shirl Regan
President/CEO
In order to continue to meet the ever-increasing and complex needs of domestic violence victims, WC&S is always working to improve its services and strengthen its programs. WC&S just recently launched an improvement initiative, implementing a more comprehensive Specialized Team Case Management model. The Shelter houses approximately 21 women (plus their children) at a time. Until recently, our service model required that each Shelter Advocate work individually with every woman in Shelter, which made for a difficult case load for the Advocates to juggle. After 9 months of structuring, preparing, training, and pilot testing, WC&S launched our new Specialized Team Case Management model. This model is organized around 3 teams of Advocates, each with specialized responsibilities, who provide quality service to the 500+ adult and child shelter residents that we serve each year. Each team works at any given time with 6-7 women (and their children) instead of all of the women housed in Shelter at once. The team approach allows for more individualized work and follow-up, and overall provides more effective advocacy. The new model includes the following advocacy positions:

- **Economic Empowerment Advocate**: Responsible for housing advocacy and advocacy related to benefits and income.

- **Safety Advocate**: Responsible for safety planning and goal planning on an ongoing basis and serving as a liaison to the Legal Advocacy Department.

- **Specialized Services Advocate**: Responsible for advocacy related to career and education, alcohol and other drugs, health issues, LGBTQ issues, cultural/language issues, and pet issues (and any other specialized issues that arise for the resident), and serves as a liaison to the Mental Health Coordinator and the CYF Outreach Advocate.

Transitioning to the Specialized Team Case Management model has allowed Shelter residents to receive more comprehensive services, and as a result, will better equip them to transform their lives and the lives of their children. The Advocates have expressed greater satisfaction with their jobs and interactions with residents since the transition, as well.

Every year, WC&S is grateful to be invited to participate in the annual Highmark Walk for a Healthy Community. It is a fun-filled event, allowing local nonprofits to come together and raise funds for their respective causes.

Women’s Center has been participating in the Highmark Walk for years and at this year’s walk we had a total of 39 walkers, 8 total teams and 94 total gifts - raising a total of $4,002.

WC&S had walkers, staff and board members show up despite the rain and we even had a money wreath worth more than $100 that was raffled. Thank you to all who participated in this year’s walk. Your continued support means so much to us and we hope we can count on you again next year!

**Adopt-A-Family**

Every year, we ask our supporters to participate in our Adopt-A-Family program during the holiday season. This particular program is so important because with your support, WC&S will distribute gift cards to women staying in our Emergency Shelter and to non-resident clients who participate in our other programs such as Support Groups, Legal Advocacy, etc. Gift cards empower women with the freedom to choose gifts for their children. By donating gift cards, you are providing survivors of intimate partner violence with a sense of freedom and choice that perhaps has been taken away by violent abuse.

In addition to making the holiday season more joyful for our clients, the gift cards also allow us to meet critical client need throughout the year. Please stay tuned for updates on the 2016 Adopt-A-Family Program.
Lauren was increasingly afraid of her husband and his threats against her child and herself. Lauren was pregnant with their second child and afraid to have another child come into the physical, sexual and emotional abuse she suffered at home. At one of her prenatal appointments, Lauren was connected to Women’s Center & Shelter of Greater Pittsburgh (WC&S). She met with an attorney to discuss the possibility of divorce. The attorney recognized the potential lethality of the situation and made an immediate connection to a Women’s Center Advocate. Together, they developed a safety plan that allowed Lauren to stay at home until she determined it was safest to leave. As the situation became more dangerous, Lauren decided to leave and came into WC&S’ Emergency Shelter. While working with Shelter Advocates, Lauren applied for housing and was able to obtain an affordable apartment. She worked with WC&S Advocates to help her with transportation, childcare, applying for Department of Public Welfare (DPW) benefits, and help with filing a Protection from Abuse (PFA) order. Lauren is now able to continue along her road to self-sufficiency and to do so without fear.
Congratulations to Karissa's Army on this well-deserved honor. We ask all of our supporters to remember Karissa Kunco and be her voice by taking a stand against domestic violence.

FedEx Cares

The name says it all. FedEx employees care about the communities in which they live and work. Women's Center & Shelter’s relationship with FedEx Ground began back in October 2014, when we received a call from a FedEx Ground employee looking for a volunteer opportunity for nearly 80 employees. While we couldn’t accommodate all of their volunteers for one project on one day, we decided to schedule volunteer projects throughout the month of October (Domestic Violence Awareness Month) including cleaning, organizing donations, cooking and serving meals and hosting children’s parties.

The month was so successful that FedEx Ground once again volunteered throughout October 2015 and will be doing so again in 2016. WC&S also received a $5,000 donation from FedEx Ground in February 2016 through this incredible partnership. “It is a true pleasure hosting FedEx volunteers. Whether it’s preparing and serving a meal or hosting a children’s party, volunteers always go out of their way to make the project extra special for the women and children,” said WC&S Development Director, Kristin Brown. “We appreciate their volunteer and financial support, both of which help us to achieve our mission.”

**We are so thankful that FedEx Cares!**
“WC&S’ exceptional 4-Star rating sets it apart from its peers and demonstrates its trustworthiness to the public,” according to Michael Thatcher, President & CEO of Charity Navigator. “Only a quarter of charities rated by Charity Navigator receive the distinction of our 4-Star rating. This adds WC&S to a preeminent group of charities working to overcome our world’s most pressing challenges. Based on its 4-Star rating, people can trust that their donations are going to a financially responsible and ethical charity when they decide to support WC&S.”

Charity Navigator, www.charitynavigator.org, is the largest charity evaluator in America and its website attracts more visitors than all other charity rating groups combined. The organization helps guide intelligent giving by evaluating the Financial Health and Accountability & Transparency of more than 8,000 charities.

Since 2002, using objective analysis, Charity Navigator has awarded only the most fiscally responsible organizations a 4-Star rating. In 2011, Charity Navigator added 17 metrics, focused on governance and ethical practices as well as measures of openness, to its ratings methodology. These Accountability & Transparency metrics, which account for 50 percent of a charity’s overall rating, reveal which charities operate in accordance with industry best practices and whether they are open with their donors and stakeholders. On June 1, 2016, Charity Navigator upgraded their methodology for rating each charity’s financial health with CN 2.1. These enhancements further substantiate the financial health of its 4-Star charities.
